## TELEGRAPHIC.

**The Strike in Leadville Not Ended Yet But the Miners are Causing Trouble.**

**The Investigation of the Narragansett-Stonington Collision in Long Island Sound.**

**The Indians are Again on the Rampage and Attack a Company of Blue Coats.**

**Herman Goes to New York to Interview Seymour as to How He Stands.**

**SENATE.**—Mr. Beck reported to the conference on the Senate amendments to the Sunday civil bill that they were unable to agree. The principal point of difference was the increased appropriations for the national board of health. The conference further ordered.

Mr. Lamar, from Connecticut, reported favorably the Senate bill to aid the Mississippi Valley and Ship Island Railroad Company to contract a line of railroad in Mississippi.

Jones of the same committee reported favorably on the Senate bill to aid in the construction of a railway from the Military headquarters at San Antonio to the Rio Grande at or near Laredo.

The committee adopted the bill introduced in the House by Representative Upson, now on the calendar.

On motion of James A. Garfield the Senate concurred with the House amendments to the bill regulating the pay and appointment of the deputy United States marshals. The bill now goes to the president.

Jones introduced a joint resolution instructing the Secretary of the Navy to take the necessary steps to secure adequate naval stations and harbors for the use of the naval forces of the United States at the proper points on the Atlantic and Pacific coast of Central America and the American Isthmus.

Wallace submitted a resolution requesting the President to communicate to the Senate the correspondence which has recently passed between Spain and the U. S. in regard to the agreement of February 12, 1871, more particularly with reference to the question of the naturalization in the United States of the natives of Spain, which was adopted.

On a motion of Beck, in view of the late stage of the session, only the House bills favorably reported by the Senate conference were considered, the object being to secure their passage at this session rather than to pass the Senate bills which could not be acted only by the House.

Lamar supported his statements on the Southern States.

Sir George Campbell, M. P. Bishop, Rev. Holfield, Episcopal minister of New York, Rev. T. Dewitt Talmage and Gen. Grant in his recent address, remarked to congress that the reports from the Southern affairs has always been distorted by facts. The committee went down there with the express purpose of uncovering every objectionable and ignoring every elevating feature.

No society in the north could withstand such an investigation. No work of the finest art or the noblest nature could stand the test of having its beautiful parts covered by a screen and its defects magnified an hundred fold under a focus of a glare of light.

The conference reported on agricultural appropriation bill was adopted after a short executive session. Senate adjourned.

**HOUSE.**—Republicans filibustered from 9:30 till the close of the session which was continued from Saturday and without getting action on the electoral count resolution.

The House adjourned and began today's session.

The conference reported on the House bill relating to public lands and agreed to the Senate amendments to the general deficiency. The bill was concurred in, and the convention ordered also the conference on the Sunday civil bill.

Bucknell demanded previous questions on the electoral count resolution.

tion; the republicans again filibustered.

The House, after a spirited debate on the joint resolution for the enforcement of the eight hour law, passed it by a vote of 129 to 59.

New York, June 14.—The Times Washington special says that Senator Kearnan has gone to New York to consult with Seymour in relation to the nominations at Cincinnati, and will return with a report Tuesday. Since the Chicago nomination the Democrats recognized the necessity of nominating their best man, and that the utmost universal demand had sprung among the Democrats for Seymour. The contradictory statements touching Seymour's feelings in matters, have caused the Democrats in Congress considerable annoyance, and Kearnan has gone to New York with the view of getting from Seymour as positive and authoritative as to whether he would accept the Democratic nomination. If he decides in the affirmative, the indications are that he will be nominated without serious opposition.

Denver, June 14.—The Republican's Leadville special says that all day the streets have been patrolled by armed citizens. About sixteen companies have been enrolled since the arrival of Gen. Cook this morning and everything has been quiet to-day and Sunday with the exception of a number of shots, which were fired in Stray Horse Gulch last night. All the stores are closed to-day. A proclamation which was issued yesterday closing all dance houses and saunas was re-issued to-day by Gen. Cook. The only excitement to-day was caused by a number of letters received by several parties ordering them to leave Lake county at the peril of their lives, and signed by citizens committee of "110." Mayor Humphreys received a letter from the same source requesting him to resign. The result is not yet known. Mooney is reported to still be in town. It is confidentially expected that all mills will resume work in a few days.

Clark, the publisher of the Crisis, the striker's organ, received notice to quit the county and left this evening with others regarded as dangerous characters.

New York, June 14.—The New York Tribune up to the present date says: 36 of 38 States has chosen delegates to Cincinnati, or that 694 of the 738 delegates composing the convention. As none of them are absolutely instructed for any candidate, it is impossible to calculate the strength of the various aspirants which will be more than approximately. Such as is known of, there is no preference of delegates, however, to make it apparent that the convention will strongly favor Tilden, giving him the New York delegates solid and all the votes of all the other delegations which he has every prospect of swerving, and his total votes to-day is only 93 while the combined votes of his rivals delegates, uncommitted, is 254; Hancock has 39; Bayard, 50; Thurman, 32; Field, 33; Seymour, 29; Hendricks, 17; and 54 votes uncommitted.

New York, June 14.—The Calcutta Press Company has issued the following: Abdurrahman Kahn appears to be hesitating and temporizing about entering into the arrangement proposed by the British for assuming the Government of northern Afghanistan. The British don't care to enter into informal negotiation with him, though they are willing to support him in sustaining the order and establishing his authority if he meets them on a friendly basis. His troops are ill paid and in a bad state, though his influence among the tribes is increasing.

**CONFERENCE.**—Madrid, Spain, June 14.—The Morocco conference will not reassemble unless Spain divides interpose to reconcile the French and Moorish pretensions. The United States and Austria were prepared to plead the cause of the Jews very energetically had not the attitude of the French and Moorish envoy stopped farther deliberations. It is reported that the Moorish envoy will demand a treaty of 43 weeks which forms the basis of the present difficulty.

Berlin, June 14.—12,569 emigrants from Germany, went to the United States for the closing first quarter of the current year.

San Francisco, June 14.—Beet Leves assessment is twenty-five cents.

**A BIG RISE.**

Chicago, June 14.—A special from Eau Claire, Wis., says that 60,000,000 feet of logs have gone down the broken portion of the dam, besides many houses, barns, etc. The river rose twenty-one feet, reaching the highest point ever known. It began to subside at eight o'clock yesterday evening. There are 160,000,000 feet at the big eddy at the Cell's dam, which seems likely to break any moment. Loss in the Chippewa Valley will reach \$500,000,000 and if the immense dam moves and allows the entire 250,000,000 feet of logs to pass, it may amount to \$100,000. Many houses in the lower part of the city are flooding and there is the greatest excitement among the inhabitants.

**THE SOUND DISASTER.**

New York, June 14.—Inquiry was made at the Stonington line office to-day for Chas. Wilson, of 48 Clinton St., of this city. He left Friday night for Boston and has not since been heard from. Chas. G. Bruaster, proprietor of the Natural history store, of Boston, was a victim of the sound disaster. Herbert Warner, of 75 Milk St., is supposed to be lost.

Providence, June 14.—A Reed, whose body is reported recovered from the Narragansett; was not on the boat. He is alive and well. Mrs. E. Rounas and child who were reported lost, are safe. James Thompson Hiltz, whose pocket book and will were brought to this city by a man who received it from him while drowning arrived to-day to claim the property.

New York, June 14.—At the office of the Stonington line this morning the official reports of the collision had been received from the Captain of the Narragansett and the Stonington. An accurate record show less loss of life which would probably not have been obtained unless the passengers list of the Narragansett published in the lists this morning.

**INDIANS.**—Galveston, Texas, June 14.—The New's special from Fort Davis says that Lieut. Mills arrived yesterday from Yuleta with a detachment of Pueblo scouts. He reports discovering fresh Indian trails which he followed all night and camped at Vapeta Pass at daylight. The camp was attacked by hostiles and Stinson told a Pueblo guide, was killed. The Indians were then flanked and routed. Lieut. Reed, with his detachment of troops are now following.

**GOOD FOR AMERICA.**

Calcutta, June 14.—Statistics show that for the last few years that a portion of the whole trade absorbed by England has been slowly decreasing, while that of America and China has been increasing. The representations have been made by the Madalady Ministry in regard to the delegation of the British trading Steamer on the Irrawaddy river.

**A DUEL.**

Paris, June 14.—A duel with swords took place Saturday on the Spanish frontier between Lamour, a new Bonapartist member from Ribrac, and his opponent at the election, Achille Simon, a republican. The former was wounded.

London, June 14.—Tom Taylor, the distinguished dramatic author is seriously ill of paralytic affliction. Rev. Alex Macenachis contemplates a two months visit to America.

Washington, June 14.—The bill for timber land trespassers was agreed upon by the committee on conference and passed by both houses to-day. It retains Senator Farley's amendments extending its provisions to the Pacific coast.

London, June 14.—The Government is considering the question of a joint resolution of all powers in favor of the religious liberty in Morocco.

**THE COLLISION.**

Stonington, Conn., June 14.—A large number of persons visited the scene of the collision, and an investigation of the steamer shows that the upper hurrican decks and the state rooms are gone, while the cabins and state rooms on the main deck, were charred. A large quantity of freight has been raised.

**FIRE.**

Muscatine, Iowa, June 14.—Cobill, Munford & Co.'s planing mill and saw and deer factory, was burned to-day. Loss, \$35,000. Insurance \$10,000. Several firemen were badly injured.

**SHOOTING AFFAIR.**

**A Woman Once More the Cause of Difficulty.**

News came over the river late last night that a shooting affair had transpired on the east side. A GAZETTE reporter was at once dispatched to find out the nature of the difficulty. He found the location to have been at the Star Laundry on the east side. It appears that Tom Mattingly and his wife had not agreed very cordially which resulted in a suit before the Justice of the Peace yesterday. Mr. Mattingly returned to the laundry, when later in the evening, her husband came in. She told him to go out that she did not want him there. This resulted in a renewal of the quarrel between Mattingly and his wife. Charley Tuff who had come in behind Mattingly took the woman's part. Mattingly got behind Tuff and pulled his pistol. Mrs. Mattingly saw the movement, jumped and caught the pistol and in the struggle which ensued, it was discharged going up in the ceiling. Then Tuff hunted for his gun which was soon brought into requisition and he shot Mattingly in the arm breaking it. The two men were arrested and brought over to jail and lodged therein to await trial to-day. Owing to the lateness of the hour and the difficulty of access to the jail, the reporter did not learn whether Mattingly was dangerously wounded or not. The preliminary hearing to-day will likely develop all the facts in the case. We had fondly anticipated that the shooting business was well over in Las Vegas, but it occasionally breaks out in unexpected quarters. Wounding is however better than killing, as the survivor will thus remain as a monument of the folly of carrying arms and using them on slight provocation. It would be a relief if the old manly way of fist fighting was again brought into vogue to settle disputes.

The report of the Canadian government superintendent of railroads shows, that including 945 miles under construction, there are now 8,022 miles of railway in that country, with an invested capital of \$362,000,000. These roads last year earned \$19,190,000; the net earnings were, therefore, equal to a dividend of 1.67 per cent upon the share and bonded liability, allowing nothing for the government and municipal bonuses. The number of passengers carried during the year was 6,000,523,000, of whom but 9 were killed and but 20 injured. Of the four leading roads the Grand Trunk did the largest business, their earnings being over \$8,500,000, and more than twice as large as those of the Great Western, which ranked next in importance.

**Married.**

CARR-SMITH.—At the residence of Mr. R. H. Hamilton, by Rev. M. H. Murphy, Mr. T. A. Carr and Mrs. Fannie L. Smith. Both of East Las Vegas, N. M.

—The lecture of Mrs. Warner at the Baptist chapel Sunday night was well attended, and proved to be an interesting discourse. The subject was Home and Foreign missions. A vote of thanks was returned by the audience to Mrs. Warner for the lecture.

—Wilson Waddingham, the well known land and cattle king of this Territory arrived from New York Sunday to look after his extensive possessions here. He is the owner of the Montoya Grant in this county where he has large herds of cattle.

—All the children of the Baptist Sabbath school will meet at the Baptist chapel by eight o'clock Thursday morning, bringing their provisions with them prepared to start for the picnic grounds.

—The congregation of the Presbyterian church held a business meeting last night and perfected the details for the Sabbath school picnic, Thursday. A gay time is expected.

—The churches have met and decided upon the grounds for the Sunday school picnic. It will be at Romero's ranch.

**CONSTOCK.**

San Francisco, June 14.—The earnings of the Sutro tunnel from the Comstock mine for month of May was \$5,320. The progress for May: north lateral, 321 feet; south lateral, 361 feet.

**GREAT EXCITEMENT**  
**AT WHITE OAKS!**
